

I want to start by thanking you. The scholarship awarded to me by your organization has helped my family and me pay for my flight lessons and to receive my pilot license.

Personally, I would like to say thank you to the entire Alpha Beta Lambda Education Foundation for awarding me this scholarship. Not only is it an honor to be selected, but it is also a blessing to be able to receive financial help in order to further my education. The generosity of this organization is very much appreciated and has definitely helped relieve some of my burden of paying for college. Thank you so much!

First, I'd like to say thank you the Alpha Phi Alpha fraternity for providing me the opportunity to apply for this scholarship. Second, I'd like to thank the scholarship committee for providing me with this award. I'm very grateful for the support and will continue to work hard through my college journey and strive for the best. Once again thank you all!

I wanted to reach out to you showing my gratitude for awarding me with \$750 for my college funds. I know there were many applicants, but I strongly believe that God saw my situation and took this opportunity to help out my mother and I with the costs of UK. Once again, thank you for this wonderful award. Have a great day!

Alumni Chapter of Alpha Phi Alpha, I would just like to thank you all for granting me with a \$500 scholarship. Handling my finances in college has been very stressful since the beginning because I am young, and having to pay for everything myself is new to me. Living in a dorm is really expensive and, unfortunately, I could not afford to live in one. However, I live in an apartment on campus so that I can still walk to my classes everyday, but with that comes me paying my own rent, paying utilities, and paying for everything else that comes with living in a complex. I am so grateful that I was able to receive this scholarship so that I may use this money to pay for my school expenses (books, class fees, etc.) and can use the money I have been saving for my rent. I feel

like a lot of weight has been lifted off my shoulders since I was told I got this scholarship, and I cannot thank you all enough. Sincerely,

Jenna, GAP 2018

As I am getting closer and closer to the finish line of my undergrad degree, I cannot help but to think of all that have helped me get to where I am today. Without hesitation, Alpha Phi Alpha has given me tools and resources to do so. Alpha Phi Alpha has financially aided me through these four years of college and has also taught me more about culture with the opportunity to participate in public events. As a first-generation college student, they have been really supportive of me when others may not have. College is hard enough as it is but doing it alone would have been much worse and I really appreciate the continuous check-ups and advice.

The Alpha Phi Alpha scholarship pushed me mentally to reach out and be a part of clubs, organizations, and build relationships with people who are curious to where their future may lead to, but are mentally ambitious enough to take those daring steps to propel toward the next level to success. I realized the decisions and actions that I make don't just effect myself. However, it affects those around me, those who are supporting me, and those who share a similar culture as me.

This scholarship will greatly assist me in pursuing my academic and career goals by helping to alleviate some of the financial burdens associated with higher education. More importantly, it serves as a reminder that hard work, perseverance, and community engagement do not go unnoticed. Your belief in my potential motivates me to strive for excellence in all that I do and to one day give back to others just as you have given to me. Thank you once again for your support and investment in my future. I am truly grateful.
